## WHAT YOUR FAVORITE EPISODE OF “ITS ALWAYS SUNNY” SAYS ABOUT YOU

The show “It’s Always Sunny in Philadelphia” has done the most immaculate job of blending adult illiteracy, Danny Devito, and unhealthy coping mechanisms. That being said find what resonates with you-

**The Gang Beats Boggs-** You’re a light weight who tries way to hard to keep up with the bros. You prefer to only vomit laying down in the shower with a shirt on but no pants. You think everyone wants to bang you... they don’t.

**Chardee MacDennis: The Game of Games-** You think your friend group is a lot more funny than they actually are. People call you “quirky” when describing you to other people.

**Charlie Work-** You don’t have book smarts or street smarts, but you’re right in that sweet spot of being dumb that it’s actually endearing.

**Mac Day-** The moral of the story is that if you just started loving yourself than you wouldn’t need to depend on what other people thought of you #selfgrowth

**The Gang Broke Dee-** You’re ugly, not funny, and annoying. But as soon as you start to admit those things it’s not as fun to make fun of you for those, so please!! ignorance is bliss <3 keep it fun for the rest of us

**The Nightman Cometh-** You have a flair for the dramatic. Unfortunately, a restraining order was the only way you could finally understand that stalking wasn’t cool (I mean, come on!)

**Mac & Dennis Move to the Suburbs-** You’re a sophomore and you decided to live with your best friend this year. BAD. IDEA. After spending 24/7 with them you are -SO- close to switching their melatonin with cyanide.

# ZOOM UNIVERSITY BINGO

|  |  |   |   |   |
|--|--|---|---|---|
| The professor gave an entire lecture on mute   | Brad asks, "what u doin Friday...heard the beach is poppin," via private chat    | You're convinced that everyone in your class is a NPC                             | You mute yourself, turn off your camera and do <u>literally</u> anything else | Your roommate is changing in the background   |
| You're the last one to leave the zoom :/   | Your professor forgets to check the chat for like 90 minutes                     | You turn off your camera to slurp down a whole sleeve of oreos                    | You make full use of Denison's red cup policies via zoom                      | You spend class time estimating people's heights versus learning the content              |
| Someone accidentally unmutes themselves while telling their roommate how much the prof sucks | ...You're paying full tuition for 4 online classes...                            | FREE SPACE  | You spent the entire class on denison bullsheet.com ;)                        | You have an existential crisis because your entire life has been reduced to a 12x9 screen |
| No one did the reading...NO. ONE.  | You left your background as a poorly photoshopped picture of you and Mark Moller | You forget the names of academic buildings because you're not in them anymore     | You haven't worn pants in a week  | You have "technical difficulties" to skip class   |
| You accidentally left you name as "Rawdog6969" from your last Zoom                           | You havent left your dorm room in 5 days   | No one answers a question and after a long pause they ask, "Can anyone hear me?!" | The professor is kicked out of the call and the students take over            | Your roommate turns on the party lights and starts blasting "UCLA"                        |
