GHOSTS? HAUNTING? POSSESSION?

I have reason to believe my 6 man is currently being haunted by a ghost and that she's actively trying to kill me.

She started appearing in my dreams but I have reason to believe she has crossed into the real world. She has a HUGE misshapen noggin that has a massive dent in it, perhaps she fell onto train tracks. A friend of mine helped me draw a mock-up.

The other night I had sleep paralysis and saw her at the foot of my bed. She shambled towards my bed while reaching out to me, she said her name was "Dear Francie", I woke up screaming...

The following night I ran into Dear Francie within a dream. She told me that every night that I encountered her at midnight, I could ask her questions. But! they *must* be in pig latin otherwise she'd try to kill me. I had so many questions that I foolishly started that night, "Ywhay oday uoyay avehay ayay entday inyay ouryay eadhay?" I felt like I had just beat the ole' bastard at her own game.

She responded, "Ecausebay arbarbat ethay elephantlyay atsay onyay ymay acefay andyay iyay uffocatedsay otay eathday." Wow! What a terrible way to go out! "Doesn't that ever annoy you?" Scat! I had just spoken out of piglatin!! I woke up from the dream feeling more unsettled than before. Was Dear Francie going to kill me?

No longer feeling safe in my own room, I nervously waited till midnight the next night. Holding open my heavy eyes, I watched the clock strike the forbidden hour. My roommate Laine slowly got out of her bed and lingered by the door. "Go back to bed, you wench!" It was like she was awakening from a possession that had taken a hold of her. We were both frightened. She repeated this two more nights. But there were no sightings of Dear Francie...

THE HORROR CONTINUES

I now had to take matters into my own hands, I decided to lean on the most credible form of ghost evidence: photography. I took one photo at 11:59 and the next at 12:00. The results are shocking!

It almost appeared as if someone placed a spooky filter over the photo... (FYI our black & white print job might not get the message across so feel free to check it out on our website, we need the interaction :/)

I had to turn to the only thing I knew sometimes worked... religion.

A called in a priest to light a prayer candle I obtained from my local grocery store back home (Walt Churchills, duh). He asked for his identity to remain anonymous.

Feeling as if I've done everything I could, I pray that tonight might be my first restful night.

Please, PLEASE, Dear Francie...leave me alone!!

BULLSHEET FAQ

How do I get on the Bullsheet?

The Bullsheet accepts new writers every Spring semester when the senior staff members leave; new members fill the positions of those who are graduating, so application season can get competitive. Stay tuned later on in the semester for more info...

Can I write for the Bullsheet if I'm not on staff?

F*ck yeah! Bullsheet editors LOVE receiving submissions because they help get the sheet published, and writers love submissions because then they don't have to do their jobs! Also, if you're looking to join the staff, it definitely helps your case if you've submitted to us prior to applying...

Is the Bullsheet just for satirical and humorous content?

F*ck no! The Bullsheet is a forum for news, humor, and community dialogue. In fact, it says that on the top of every Bullsheet, but I bet you never read tiny fonts, huh? If anything, the Bullsheet is most interesting when we can project the unheard voices of those who have something important to say. Also, we're not that funny!
