New review for Stenography

100 West College Granville Ohio 43023

After years of researching how to put a small pool in my backyard, I finally settled on a Stenographer instead. I thought a swim spa would be far too expensive so I decided to check out Emmy's stenography services, yeehaw! was impressed to see that her stenography was half the price of the "name brand" phelps or endless steno and every much as good. I met with Emmy who was more than happy to show me the product and even scheduled a divorce for my wife and I. I insisted on a very particular layout for my backyard and my wife never met the challenge. She never supported my dream to have a small pool Emmyhad a skilled crew serve the papers and scheduled an electrician for me. She has also been available to help me with all the "growing pains" of divorce. I would recommend Emmy and her incredible customer service to anyone!
