## THINGS TO DO WHILE YOU HAVE COVID

*It's that time of year again...the Covid-19 virus has once again reared its ugly head on Denison's campus. If you don't know someone who has covid right now, I hate to break the news but you definitely have it. You're probably in public at a Bullsheet™ certified delivery location if you're reading this right now, so you must be around an insane amount of people fighting to get their hands on a sheet...you should definitely get the eff out of there.*

*Go home. Email Hoaglin (love you Hoagie, thanks for reading<3) that you've tested positive and inform all of your professors of your illness so that you can get an eternity's worth of work to do while you're quarantining.*

*But you may be saying to yourself, "I'm a normal person and don't want to do that."*

*I think you should do these things instead.*

- Read the Bullsheet (see, you're already winning covid)
- Order playdoh and make a cool sculpture
- Learn how to beatbox but its probably lame with a mask on
- Drugs
- Watch all of Game of Thrones
- Call Gabe Donnelly and tell him you love him
- Get rid of the covid in your body
- Try to adopt a pet online or if you care about "ethics" then try to do that thing where you buy a star
- Learn every fact about submarines that you possibly can and then build one and test it in Ebaugh Pond
- Draw a leprechaun and then find a four leaf clover in the bioreserve and give it to him
- Name the leprechaun Stanley
- Make a really large hat
- Investigate whether or not the lice outbreak from Phi Psi is real
- Guzzle a seagull
- Stanley just stole the heart of your betrothed—you have to kill him. Kill Stanley.
- Eat a ton of discount Valentine's Day candy
- Use the submarine to dispose of Stanley
- Make an incredible playlist for a spring day and send it my way
- Collect all of the gold from Stanley's pot and then donate the pot to Phi Psi so that they can put their lice in it

*I hope these activities get you healthy soon!!!*

## GRANDMA GOT LETTERBOXD!!!!

*Although I have yet to grace this site with my presence, I am not an idiot; I know how letterboxd works. You submit a rating/description on whatever a24 film you watched. I get it; it's an app made for overly-opinionated cinema majors and buf s. But imagine if my 75-year-old grandmother, who lives in a residential home, can't remember what she ate for lunch, and loves ARMY football, had letterboxd and rated this year's critically-acclaimed films... that would be awesome.*

**The Menu 2022**

If the dining room in my building had this many options, maybe supper could be good. That young lady was rude to the Chef and his meals. She should be grateful she has options. When I was one of the only girls at my College, I had to accept what was given to me. Do girls wear dresses to school now, or can they wear slacks?

Top Gun: Maverick 2022

Yesterday, I watched a new documentary on Television. It followed this older man around, he reminded me of my girlfriend, Kathy's ex-husband, but the man on Television is far more handsome. I had forgotten her ex-husband served in the Air Force.

Loud and bright. Too loud and bright. How do you turn down the volume? Why is she becoming other people? This daughter is extremely disrespectful toward her mother. Now, she keeps bringing her best friend to family gatherings. I don't get it. Why won't this button work? Play harm me football game. No Army football game, West Point. Call Brin.

Creepy blue people wearing no clothes, but that young lad, Jake Sully, is less creepy and sooooooooooooooooooooo hot.

## THE ADS WE SHOULD HAVE GOTTEN FROM THE SUPER BOWL

- A public apology from all the celebrities that were in crypto ads last year

- An ad with a canceled public figure (Louis C.K.) promoting some new AI website

- Just a thirty-second SCAN NOW qr code that takes you to a Mountain Dew sweepstakes entry page

- An ad for something dumb like life insurance that only lasts ten seconds and then purposefully freezes mid-frame for the remaining twenty seconds

- Commercial for Doritos Locos Tacos from Taco Bell that turns into Army recruitment propaganda  
- A little boy playing with his dog that is sweet enough to make you cry real tears. Also it's a Budweiser commercial duh

- A pack of rabid wolves becoming the new ambassadors for the Ford F-150

- A new trailer for the twentieth Fast and Furious movie. Oh wait...

- Greta Van Fleet singing a new jingle for Wells Fargo

- A seven-part commercial for a new sitcom that will not make it past the first season about retired cops who decide to work as campus safety officers on a small, liberal arts college campus in rural Ohio
