## WHAT EVEN IS GOING ON ANYMORE

Not to be a doomscroller, but it seems like every year things are getting a little worse, and 2023 has been a doozy so far. Let's do a little recap of some of the craziest things that have happened so far for all those people who live under a rock. So far this year we've got:

Random Weather Balloons

UFOs

War in Ukraine

East Palestine

Palestine

Sidney

My Dad accidentally killed my pet fish, Jefferson (not named after the president)

Recession right around the corner

Covid is still here I guess

Colds

My family cremating Jefferson (not named after the president) before I can see him

It's really warm for February

I am very sleepy

George Santos started a GoFundMe to support the family of Jefferson (not named after the president) but just stole all of the money

Politics? Idk what's going on but there's always something going on  
Redbull costs \$4.29 at baby slay so that even tho I'm sleepy I can't get some quick non-coffee caffeine

Student's can't vote in Ohio anymore?

DUVotes still exists

The National Baseball Hall of Fame just inducted Jefferson (not named after the president) due to his legendary performance on the '89 Mets.

George Santos led an elaborate heist to steal the National Baseball Hall of Fame

George Santos is currently running from the FBI

The National Baseball Hall of Fame is nowhere to be found

I just bought a new fish named Lincoln (not named after the president)

My roommates won't let me keep Lincoln (not named after the president) in the common room.

I tried to cuddle with Lincoln (not named after the president) but I spilled the fishbowl and got my bed all wet so I had to change the covers.

# I ENJOY LYING

I'm just a funny jokester, a silly little guy.

You're gonna have beef with a silly little guy? For shame.
