It's not uncommon to hear the staff of the Bullsheet being called "mousy" "dirty rats" "vermin" and well...who knew?! Those grafters were spot on... our whole staff is literally made up of mice!

There's an old folk's tale that claims mice eating is a remedy for bedwetting (per Wikipedia). And as that happens quite often here, you must understand why we've had to stay incognito.

Continued on back!

Our diet has completely consisted of expired Smartfood White Cheddar Popcorn, but we wouldn't want it any other way!

We're so pleased to finally announce our presence! We love running the most well-loved and consistently, always, regularly funny publication! We'll keep going till Hell freezes over or until we die in 6-14 months.
