## KAFKA QUOTES

Franz

*Kafka quotes, but they get worse (much like life itself)  
(several are fake, can you guess which?)*

Writers speak stench.

God gives the nuts, but he does not crack them.

Heaven is dumb, echoing only the dumb.

Dread of night, dread of not night.

There are only two things, truth and The Bullsheet.

If I shall exist eternally, how shall I exist tomorrow?

Suffering is the positive element in this world, indeed it is the only link between this world and the positive.

I have the true feeling of myself only when I am unbearably unhappy.

My 'fear' is my substance, and probably the best part of me.

It is often safer to be in chains than to be free
