PISSIN' BUZZY BUMPER

Tatum,
Steer Clear

The Car decal & bumper sticker game on this campus is ATROCIOUS! More specifically it's the Denison car decals that are absolutely horrific. As I make my rounds on campus I'm forced to look at cars with boring Denison stickers on them. It's either a red block with white letters, a white block with red letters, or just the words "Denison University" in the most milktoast font available. Why is it that the people who design the merch for this school always go for the bland and minimalistic?

Thank God the Bullsheet exists, without this platform my amazing ideas would have to stay in the sketchbook! "What wonderful ideas?" I can hear you asking - well wonderful ideas like this:

One of my all-time favorite bumper stickers has to be the Pissing Calvin one. Ya know, the one with the kid peeing on words that he hates? I truly believe that if Denison sold a Pissing Buzzy variant of the iconic bumper sticker we would 1) Not only be taken more seriously as an institution but 2) Have the most interesting Cars in the state of Ohio and 3) finally have our mascot on some merch!

If you know anybody in the merch department please get this paper in front of them so that they can make my dream of having non-seal related merch a reality!

Everybody's doing it. It's not even that big of a deal. Cynthia only goes out with guys that play spikeball.
Just give it a try, it's fun I promise.
