GRANVILLE'S MOST ELIGIBLE PUBLICATION

Vol. XLV, No. 23

BULLSHEET TORO-SCOPE

Emmy Ayad,
Blessed with The Vision

ARIES (mar 21 - apr 19): Two men will enter your life this week. One with a tattoo of a rabbit, one with a tattoo of a long-eared beaver. IT IS IMPERATIVE that you trust the one with the rabbit. Doing the opposite will have dire consequences for you. Nothing is ever set in stone but I would be prepared to say goodbye to your elbow mobility if you follow the long-eared beaver.

TAURUS (apr 20 - may 20): Start a jam farm. Lord knows you deserve the break.

GEMINI (may 21 - jun 20): You will fight your hardest battle this Thursday. Stand up straight, don't argue, and leave the house wearing protective gear. Bring a calculator in case it's a battle of wits.

CANCER (jun 21 - jul 22): Keep your head on a swivel, for this is the week your fabled "meet cute" may happen. Act aloof yet optimistic. Down-on-your-luck yet extremely fortunate. Don't blow this.

LEO (jul 23 - aug 22): Others will be drawn to you. You project a certain charisma few can replicate. The masses will not stop swarming you. Factor an extra hour into your outings to account for the mobs. You will not be able to escape them. Hiring a security team is never a bad idea. You should have been born in winter

VIRGO (aug 23 - sept 22): An opportunity to perform in front of an audience will become known. Don't back down, this will be your chance to inspire others to join your Cause. Speaking of, the construction of your new community living space will be completed this week.

LIBRA (sept 23 - oct 22): Accept any and all investment opportunities you're approached with this week. Most of them will fail, but they will eventually lead to gaining 3% stock in Google.

SCORPIO (oct 23 - nov 21): If you see a pack of cigarettes on the ground, DO NOT pick them up. Walk backward the way you came for 40 steps then run to your nearest convenience store, buy a pack of Lucky Strikes and a lottery ticket—70/30 percent chance of winning.

SAGITTARIUS (nov 22 - dec 21): Respond to the casting call in your email with 16 minutes of uninterrupted monologuing about the make and model of your computer.

CAPRICORN (dec 22 - jan 19): Throw out the jar of moon water in your room. It's getting moldy. And the fungal spores are causing irreversible psychological damage to your roommate's brain. Submit a room change request and sleep with one eye open.

AQUARIUS (jan 20 - feb 18): A relationship will be tested this week. Stick to your guns and stay strong, you know you're always in the right.

PISCES (feb 19 - mar 20): A significant cosmic alignment will cause a significant breakthrough, in your mission to complete your bullet journal. Only 46 more pages!

HAVE WE BEATEN THIS DEAD HORSE ENOUGH?

I would have said “bull”, but I’m no monster. Your window to apply closes **TONIGHT AT MID-NIGHT**. I hope you got that because I’m not repeating myself.* We here at The Bullsheet like to display our desperation without completely losing our dignity and it’s getting increasingly difficult to walk that line. So, please apply now and save us the balancing act. Just imagine your name down in that staff box with it’s meaning according to www.babynames.com (and www.thebump.com if you’re Brin because for some reason www.babynames.com refuses to represent Ms. Glass). But, if you don’t believe me, take it from our happy customers and/or admirers:

The Bullsheet provided days of entertainment when I waited in the mailroom line - *Eleanor Mason*

So that’s where my husband spends his ***** time. - *Mrs. Seipel*

The Bullsheet saved my party and I from a frosty death in the dead of winter - *Untrained Mountaineer*

Once I exhaled from my nose TWICE while reading an article - *Slayer Frequenter*

Unparalleled escapism - *Mr. Carter Seipel*

*That’s 2NITE @ 11:59, EOD, MIDNIGHT, LAST MINUTE, ALMOST THE WITCHING HOUR, SOON!!!!
