GRANVILLE'S MOST HANDY PUBLICATION

Vol. XLV, No. 31

## LEFT-HANDED OR RIGHT-HANDED? TAKE THIS QUIZ AND WE'LL TELL YOU!

Carter Seipel,  
Hand Owner

*Recent studies show that there are many reasons why college students struggle to begin writing. Reasons include busy schedules, the crippling fear you will never live up to the impossibly high standards you set for yourself, and most often not knowing which hand you use when writing.*

*So I whipped up a nifty quiz to help you determine if you're right handed or left handed!*

### 1. You enter your next class. When picking your seat, you're most likely to...

- A) Sit wherever
- B) I have very specific standards when it comes to my desk preferences. I will likely loiter around the room until I find a seat that will suffice
- C) Sit as far away from everyone as possible

### 3. You overhear someone say, "All our efforts are futile!"

#### You're most likely to respond by saying...

- A) "That's not true! We all have a moral **right** to put in our best effort and make this campus- nay this world, a better place."
- B) "True that! In life, things are **left** up to chance and to be honest, I was dealt a bad **hand**."
- C) "I believe in no gods nor masters! My efforts are the only thing contributing to this life I lead."

### 2. Thoughts on Ringo Starr?

- A) The peace and love guy?
- B) The Beatles' drummer known for using a right-handed drum kit despite being left-handed, thus creating an incredibly unique style of drumming? He's pretty cool.
- C) Who?

### 4. Last question! You are..?

- A) Right handed
- B) Left handed
- C) I don't know! Why do you think I'm taking this quiz?

## **RESULTS!**

**Mostly A's** - Right handed. You're an upstanding citizen. A person of the people. Friends are likely to describe you as hardworking, morally **righteous**, and incredibly boring. Don't let anyone shame you for being average.

**Mostly B's** - Left handed. A victim to circumstances, your life has been one long uphill battle.

We're proud of you, you've learned how to adapt and overcome anything. No wonder they say lefties are more creative!

**Mostly C's** - Ambidextrous! You don't play by the rules. While some people may diss the lifestyle, no group is complete without a wild card.

**Mostly D's** - Cheater alert! You really don't play by the rules. Your crimes are bound to catch up with you soon. Good luck **handling** that.

# STUCK IN A CREATIVE RUT

Ella Buzas,  
Rut Breaker and  
Mishmash Maker

Hey Bullsheet readers! It's probably been a while since you've seen my name on one of these bad boys, so I figured it's about time I put myself back out there. So, essentially, this will just be a giant mishmash of things that I could possibly write on in the future. Let me know if any of this resonates.

## *Soup Ranking* Self explanatory

### *Essay Prompts for the Easily Entertained*

This one could be fun for you writers out there. The idea is that I give you a super vague, yet random, prompt, and you can run away with it. I could also make this a personality quiz. Those usually get more engagement, anyway.

## My favorite doodles

### *Sandwich Ranking*

This one's unfair. All sandwiches are created beautifully and equally in the eyes of the creator (John Montagu, I love you)

## *Salad Ranking* Also self explanatory

Hilltoppers "To Denison" rendition  
To Denison we raise our song  
Fair college on the hill  
The name that sets our spuls on fire  
And makes our senses thrill  
To denison my denison  
In praise our voices swell  
The scenes of happy college days  
The home we love so well  
When from the fold we far shall stray  
With souls forever young  
Well ne'r forget our college days  
These happy scenes of long  
And when our steps have feeble grown  
Our journey almost done,  
In mem'ry fleeting breath well praise  
Our dear old denison

### *A Gnome Story*

Synopsis: A gnome named Gorgish sets off on a perilous journey, fighting against a giant rock monster and an invasive fungus society who wish to ravage his village, and eventually, the Forest of Teehslub. He fights with his human barbarian companion, Oogle, to find allies and new enemies along the way. Will he be able to protect his home?
