CARVE THE SHEET!

Carter Seipel,
Humble Pumpkin Farmer

Cut it up! Make a silly face! Treat this part like the pumpkin you couldn't afford this year!

MY FEARS FOR "CARVE THE SHEET!"

I'm afraid that...

"Carve the sheet" looks like a lazy/low effort article

"Carve the sheet" is a lazy/low effort article

People won't actually carve the sheet

People who do carve the sheet might not make a silly enough face

Carving the sheet is dangerous for hands. Especially if you're a lefty

If too many people carve the sheet no one will get to read the other articles

AN OMINOUS WARNING FOR HALLOW'S EVE

Slayetr Box 21,
My Biggest Hater

Dear Bullsheet staff,

Please please please don't let Junior Editor Carter Seipel write another stupid "4 signs your roommate is a ___" article! The vampire one from 2022 was kind of funny, but the fact that last year's was "4 signs your roommate is a zombie," tells me that this writer is already scraping the bottom of the monster idea barrel. Seriously, what's next? Probably something stupid like skeletons. He can't really expect to keep this stupid bit up for two more years, right? Right?!

Your friend,

4 SIGNS YOUR ROOMMATE IS A MUMMY

Carter Seipel,
Unraveling Before
Our Eyes

Come one! Come all! It's the most wonderful time of the year. What time is that you ask? The time to figure out if YOUR roommate is a horrible monstrosity. Which monster have I picked to expose this year? Why don't you ask Brendan Fraser, because it's THE MUMMY! Here are 4 signs your roommate is a mummy:

1. They won't stop asking you to restock the toilet paper

Don't you hate how obsessed your roommate is with toilet paper. It's always "it's your turn to replace the toilet paper," and never "how's your day?" I mean who even needs that much toilet paper anyways? I'll tell you who: mummies. Strike one roomie.

2. They like saying "That's a wrap!"

That's a wrap? Wrapped with what? Bandages? Many of you might think that phrase is simply just film lingo but it's actually mummy talk. Hollywood has stolen a lot of phrases from mummy culture, but that's an article for another day. The important thing is to be weary of any non film students using such language.

3. They Miss Their Cat(s)

Do you keep catching your roommate looking at pictures of their cats from back home? Think they're homesick? Wrong! They're practicing ancient Egyptian worship methods. Cats were legit divine symbols in ancient Egypt, and Egypt is where they make mummies! Therefore, if your roommate likes cats, they must be a mummy. Keep your distance.

4. They sleep in a tomb

While you were requesting to get your bed lofted, your roommate had their bed lowered into a maze of tunnels filled with spiders and various treasures. Classic mummy behavior.

SURPRISE JUMP SCARE!!!
