## **ONE OF THOSE LETTERS WHERE YOU REALLY DON'T KNOW WHAT'S GOING ON OR WHAT THEY WANT FROM YOU**

Ella Buzas,  
Senior Writer

Hey.

I've been thinking about you a lot. You probably haven't been thinking of me though, you seemed to move on pretty quick. You've probably even found somebody else by now. It's only been 8 months and I'm really hung up on you and I thought you were the one but I guess not. If you're not with somebody we should talk. I think we have a lot of things we need to discuss.

I just can't believe you met my family and still decided to break my heart. I think it's unfair that you hold the cheating allegations against me. I never liked your best friend and I think she is wrong for spreading those lies about me. We just kissed. We never went any further than that.

That's not even cheating. And the whole thing about the dating apps was fake. I only had one profile. I just needed a confidence boost that you weren't giving me. I complimented you every day about your boobs and how awesome they are and you never said anything nice about me back, and it's not like I even owe you an explanation but there you go I guess.

Anyway if you've even made it this far in the letter I guess I just want to try again. I think we had something really nice and now that I don't have you I guess I just realized that you're actually a really cool girl and I should have paid for more meals and stuff like that. I got a job, by the way. When you left I realized I should maybe try to get out of my parents' house. I still love you. Please unblock me on iMessage i miss you so much.

## **YOUR 2024 WRAPPED IS HERE**

Lindsey George,  
Freshman Writer

Your year in review...no judgment or anything.

You spent 124,563 minutes obsessing over that one guy!

Your longest crying streak was 9 days!

Your top 3 reasons for crying:

The guy your friends warned you about

Your intro GE class that's way harder than it should be

TikToks about elderly dogs

You planned your marriage to... 19 people this year! And they say true love isn't real...

You spent a grand total of 52 hours online shopping. Worth it?

You spent an average of \$56.84 a week on coffee.

You went through 8 different phases... 2 of which you revisited more than once.

# YOUR 2024 WRAPPED IS HERE (CONT.)

Lindsey George,  
Rudolph

You made 17 playlists. Nice!  
Your music taste changed 17 times, too!

You listened to "That's So True" wayyyyyy too many times. Get over him.

You wore a groutfit 42 times. My Lord.

You tried heatless curls 6 different ways. Put the socks away.

You bought (and returned) 14 pairs of jeans. It's ok, we get it.  
Denim makes no sense (except on a jouch - look it up).

You claimed you liked matcha 21 times. Newsflash, you still don't.

You called your friends from home...4 times? That's ok. I hate talking on the phone too.

You called your mom...4 times. A day... Understandable.

You read The Bullsheet...not NEARLY enough. C'mon, really?!

*New Year's Resolutions...not trying to tell you what to do or anything.*

Find an emotionally available boy to obsess over next time.

Stay away from backwards hats...except under special circumstances...

Actually take notes on your reading sometimes.

Try matcha ice cream. Way better than the real thing.

If you run out of things to talk about, try telling your mom about everything you ate that day.  
She'll be fascinated. Snacks and all.

Read The Bullsheet every day. Trust us.
