## ROYAL RUMBLE REVIEW

Tatum Thomas,  
RRRREADY TO

Hi, Denison's Dave Meltzer here to tell you about one of the biggest events that happened this Saturday - WWE's Royal Rumble! I sum up a show attended by 65k+ people in just 4 paragraphs!

### Women's Rumble

The biggest nepo-baby comes back and win's the whole thing! Everyone knew Charlotte Flair would win the moment she announced for the Rumble. Why waste our time with a match? Tell all 29 other women to go home and just have Charlotte come out and point at the WrestleMaina sign.

### 2 out of 3 Tag Team Championship Match

D.I.Y. beating the Motor City Machine Guns is the closest I'll get to Ohio State beating Michigan. My favorite part of this match was watching Kai Cenat's Twitch stream lose connection with him trying to move seats to find a spot with good wi-fi as the best tag team wrestling WWE has to offer was going down in the middle of the ring. I'm happy to see Gargano and Chaimpa get the win but I did enjoy seeing the Street Profits beating them with crutches even more.

### Cody vs Kevin World Title Ladder Match

Oh my god what a match Kevin Owens and Cody Rhodes put on here. Cody Rhodes was truly embracing the Homlander inside of him. Never have I seen a good guy beat someone within an inch of their life. Kevin Owens may be dead - we haven't seen that edge out of Cody for a while. The highlight of the match for me was when Kevin and Cody were using the smallest ladder I've seen in my life to beat the shit out of each other. The DUMBEST part of the match was the crowd chanting "We Want Tables!" - I'm convinced that the people of Indianapolis are both blind and dumb for that fact. It's a LADDER match there are no tables around here!

### Men's Rumble

Being able to watch IShowSpeed's YouTube stream while watching the rumble on Peacock at the same time was one of the most fun experiences I've ever had watching wrestling. In fact, the entire Rumble was a good watch until the very end. Seeing the man who says the word "YEET" in 2025 beat John Cena for the WrestleMania main event hurt my soul. JOHN CENA IS RETIRING WHAT ARE WE DOING?!?! HE NEEDS THE CHAMPIONSHIP!!! Also why in the world is Logan Paul of all people getting to do things like the "Kofi Kingston saves himself in a cool way" spot and eliminating CM Punk? I hope when Logan fights Jake in March Jake beats him so bad that Logan is forced out of the WWE and we never have to see him again - but keep the Prime sponsorship since it tastes good.

# BID DAY BREAKDOWN 2025

Griffin Conley,  
Unaffiliated

## Delta Delta Delta(Tri Delt)

The breaking of a generational Bid day theme run is crazy. James Bond to Jaws to Parent Trap was back to back to back impeccable. Pivoting from movies to a singular song is difficult, but my my my you guys managed to make it look easy as pie!

## Delta Gamma (DG)

Orange you glad you went DG? Orange you jealous you're not a DG? While I am here green with envy, you guys are orange with excitement! One color, so many directions. Great reminder to the masses that citrus fruits are a winter staple. PC' 25 open a navel and get ready for Anchor Splash!

## Kappa Alpha Theta (Theta)

Very cutesy! Very demure! Very mindful of why you were given a bid! Campus bows to your bows. There's nothing more contagious than seeing all those pearly whites beaming!

## Kappa Kappa Gamma(Kappa)

I wish my sun was in Kappa, my moon was in Kappa, and my rising was in Gamma because then it would be a star sign to go KKG!

## Pi Beta Phi(Pi Phi)

Sweeeet. I didn't realize angels were also made of sugar, spice, and everything nice. W College street is totally Candyland coded. Don't get a sugar rush from bid day, you have class tomorrow!
