

# ADAM SANDLER'S POST OSCARS PICKUP BASKETBALL SCOREBOARD

Caroline Concannon,  
rich after winning a bet  
with Adam Sandler

As soon as he left the screen it was apparent that my destiny followed him. Without hesitation, I bought a flight from CMH to LAX. I knew that the odds were against me but that didn't prevent my optimistic disposition. This was my major chance. I could land in just enough time to get there for the tipoff and the thought of that alone outweighed any doubts that clouded my mind. Sure enough, it all worked out the way I knew it would. I arrived at 11:59 PM PST. The only two people on the court, our eyes locked. So much for 5 on 5, Sandman. The ball shot from his hands and bounced on the pavement before landing in my hands. I proceeded to kick Adam Sandler's ass in basketball and won \$1 million.

**Aitch** – This was less of an interview and more of a marriage proposal.

**Rosalía** – She laughed. A lot. That was the date.

**Jack Harlow** – Jack Harlow flirted. Amelia pretended not to enjoy it.

**Keke Palmer** – Keke Palmer effortlessly stole the show. Again.

## WHY IS TRAVIS SCOTT HERE?!

Alice Fielding,  
Amelia's Next Date

For those of you who aren't in the know the image above is something that people have been wanting to see for DECADES. John Cena sold his soul to The Rock and has become an absolute supervillain. Cena revealing himself to be a bad guy was a moment that will legitimately be remembered for years to come. The way he turned his back on Cody Rhodes and helped beat him to a bloody pulp was a moment that made children cry! It's something a majority of people thought would never ever happen but it did, hell froze over and for some reason, Travis Scott was in the ring in the midst of all of it.

Based on the star power of Dwayne and Cena alone I don't see a need for Travis Scott to be there. Bro was just doing random stuff the whole time like sparking up in the middle of a historic beatdown. I'm pretty sure nobody told this man that wrestling is fake and he started beating up on Cody Rhodes for real.

I think he was trying to concuss him for real. They could've had him sing FEIN and go watch the show in the front row like they do all the other celebrity guests but nooooo. WWE should've treated Travis like Drake and not acknowledged the fact that he was in attendance at all and let him watch the show in peace.

But the more that I sit here and think about it the more I believe Travis Scott must've sold his soul to The Rock. The Rock must be the reason why FEIN is as popular. The Rock is the reason for everyone forgetting about the Astrowrld concert catastrophe. Shit The Rock was probably the person who gave him the weed he was lighting up in the middle of the ring.

TRAVIS GET THE ROCK'S DICK OUT OF YOUR MOUTH AND GO HIT THE STUDIO! STAY AWAY FROM WWE PLEASE FOR THE LOVE OF ALL THAT IS HOLY. YOU ARE DOING TOO MUCH! TAKE A PAGE OUT OF CARTI'S BOOK AND JUST BE MYSTERIOUS OR SOMETHING ARUHHHH.
