## HOW BEST TO PREPARE YOURSELF FOR THE NEXT TORNADO

Caroline Lopez,  
Managing Editor

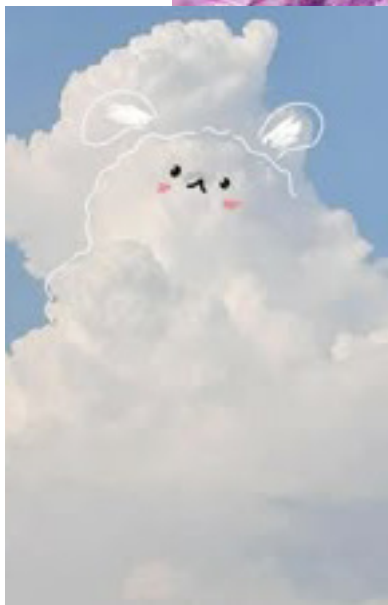

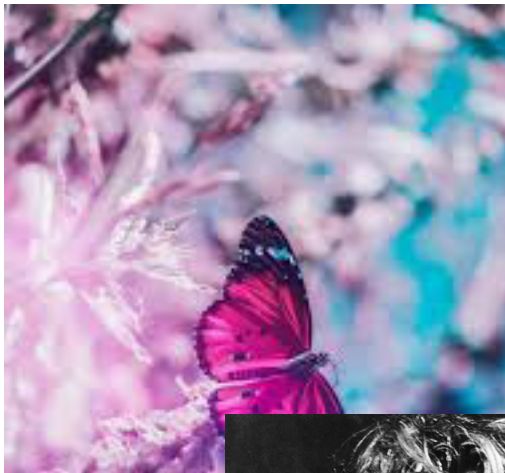

You do *not* want to be that bitch the next time a tornado rolls through Granville.

- Stockpile all your vapes in case Vape Palace gets destroyed.
- Break all your windows before the tornado can.
- Filibuster until it goes away.
- Superglue your car keys to your hands so they don't blow away if you need to evacuate.
- Call your ex and tell them you can't talk, there's a tornado coming. Then sit back and wait ;)
- Hang a white flag outside your window.
- Gather all your plein air painting supplies. This is a once-in-a-lifetime opportunity.
- Call the director of FEMA and let them know you have asthma, so you may need assistance first after the tornado has passed through.
